**EQUALITY TEXAS**

Equality Texas is a statewide political advocacy organization in Texas that advocates for lesbian, gay, bisexual, and transgender (LGBT) rights, including same-sex marriage. Equality Texas envisions a Texas where lesbian, gay, bisexual, transgender, and queer Texans and their families have full equality in the hearts and minds of our fellow Texans and in all areas of the law. Equality Texas works to secure full equality for lesbian, gay, bisexual, transgender, and queer Texans through political action, education, community organizing, and collaboration.

Transgender people are part of the fabric of Texas, urban and rural. 1 in 150 Texas adults identifies as transgender; 63% are ethnic minorities. Advocates believe that more than 10,000 Texas youth identify as transgender. Despite facing disproportionate discrimination and violence, transgender people are not protected in Texas law from discrimination in employment, housing, or public spaces, nor are they included in Texas' hate crimes law. According to a recent study, 75% of transgender youth feel unsafe at school.
